Data Completeness Report

Notes: (1) Variables are individually listed only if they have greater than 5% missing data. These variables are listed under the appropriate percentage category in the order in which they appear in the data file. (2) The Data Completeness Report only captures information about system missing or other values that are declared missing. Codes that have a label implying that they are missing but that are not declared missing values are not reflected in this report. Data users should consult the codebook for more specific information about missing values. (3) Some variables that have 100% missing data may have been blanked by ICPSR to protect respondent confidentiality. Data users should consult the codebook for more specific information about blanked variables. (4) Data do not contain skip patterns or skip patterns are not reflected in the data as coded.

Table 1: Distribution of Variables by Percentage of Missing Values--Rural Household Income, Consumption, Employment, Social Network, Quality of Life, and Village Affairs Data

Variable Name and Label (Total Cases = 9200)		Percent of Cases with Missing Values
35.6% (160 of 449 variables)	have 0% Missing Values	
13.4% (60 of 449 variables)	have 0% - 1% Missing Values	
8.0% (36 of 449 variables)	have 1% - 3% Missing Values	
0.4% (2 of 449 variables)	have 3% - 5% Missing Values	
2.0% (9 of 449 variables)	have 5% - 10% Missing Values	
H1_81	If you do not have running water, where do you go to get water	9.7%
H1_401A_1	Household: Gross income from agriculture: grain	6.1%
H1_401A_2	Household: Total production cost: agriculture: grain	6.1%
H1_401A_3	Household: Hired labor cost: agriculture: grain	6.1%
H1_401B_1	Household: Gross income from agriculture: economic grops	8.5%
H1_401B_2	Household: Total production cost: agriculture: economic grops	8.5%
H1_401B_3	Household: Hired labor cost: agriculture: economic grops	8.5%
H2_603	# times having dinner/recreational activities with relatives and neighbors in the last three months of 2002	8.5%
H2_3801	If 'no' to h2_3601, would you like to participate in the future?	6.0%
4.0% (18 of 449 variables)	have 10% - 20% Missing Values	
H1_320_1	Household head: Father: Years of schooling	15.7%
H1_320_3	Spouse: Father: Years of schooling	18.1%
H1_401D_1	Household: Gross income from agriculture: husbandry	15.3%
H1_401D_2	Household: Total production cost: agriculture: husbandry	15.3%
H1_401D_3	Household: Hired labor cost: agriculture: husbandry	15.3%
H1_404	Other monetary income from various levels of government or collective	15.5%
H1_404A	Other government income: Survey income	17.0%
H1_410	Other income	12.9%
H1_803A_WHEAT	Outlay: For self consumption (kg) (Crop appears in variable name)	19.4%
H1_803A_RICE	Outlay: For self consumption (kg) (Crop appears in variable name)	14.3%
H1_805E_1	Household consumption: From market (kg): Edible oil	18.8%
H1_805E_2	Household consumption: Market price (yuan/kg): Edible oil	18.7%
H1_805H_1	Household consumption: From market (kg): Fruit and melons	10.0%

Table 1: Distribution of Variables by Percentage of Missing Values--Rural Household Income, Consumption, Employment, Social Network, Quality of Life, and Village Affairs Data

Variable Name and Label (Total Cases = 9200)		Percent of Cases with Missing Values
H1_805H_2	Household consumption: Market price (yuan/kg): Fruit and melons	10.0%
H2_601	# days helping the relatives and neighbors during busy season in 2002	11.3%
H2_605	# times going to county seat (or larger cities) in the last three months of 2002	15.2%
H2_3201	How many civic meetings have you attended in 2002?	17.1%
H2_3301	How many people have you make gifts to in 2002?	10.6%
4.7% (21 of 449 variables)	have 20% - 40% Missing Values	
H1_97	Minimum amount of food grain needed for the sustenance of the household in a year (kg)	22.9%
H1_98	Minimum amount of cash needed to sustain the household for a year (yuan)	22.6%
H1_320_2	Household head: Mother: Years of schooling	26.9%
H1_320_4	Spouse: Mother: Years of schooling	27.1%
H1_401F_1	Household: Gross income from agriculture: other agricultural activities	34.9%
H1_401F_2	Household: Total production cost: agriculture: other agricultural activities	34.9%
H1_401F_3	Household: Hired labor cost: agriculture: other agricultural activities	34.9%
H1_801_RICE	Total household foodstuff leavings at the beginning of 2002 (kg) (Crop appears in variable name)	38.8%
H1_802E_RICE	Gained: From collective distribution (kg) (Crop appears in variable name)	33.0%
H1_804_RICE	Total household foodstuff leavings at the end of 2002 (kg) (Crop appears in variable name)	37.0%
H1_805G_EAT	Household consumption: Self-produced: Vegetables (kg)	21.5%
H1_805B_1	Household consumption: From market (kg): Fish	27.8%
H1_805B_2	Household consumption: Market price (yuan/kg): Fish	27.8%
H1_805D_1	Household consumption: From market (kg): Eggs	30.9%
H1_805D_2	Household consumption: Market price (yuan/kg): Eggs	30.9%
H1_805F_1	Household consumption: From market (kg): Sugar	20.7%
H1_805F_2	Household consumption: Market price (yuan/kg): Sugar	20.7%
H2_602	# times of visiting village cadre to ask something in 2002	27.7%
H2_604	# times having dinner or doing recreational activities with village cadres in the last three months of 2002	32.7%
H2_606	# times checking the Village Affairs Disclosure Board in the last three months of 2002	22.3%
H2_4501	(If age btwn 40-60) For the sake elderly life, how much do you think should be prepared before 60?	27.6%
31.8% (143 of 449 variables)	have 40% - 99% Missing Values	
H1_90	If h1_89=yes, how much do you borrowed in total? (Yuan)	99.1%
H1_92	If h1_91=yes, how much do you borrowed in total? (Yuan)	91.0%

Table 1: Distribution of Variables by Percentage of Missing Values--Rural Household Income, Consumption, Employment, Social Network, Quality of Life, and Village Affairs Data

Variable Name and Label (Total Cases = 9200)		Percent of Cases with Missing Values
H1_104	If your family is engaged in non-agricultural business, when did you start?	84.7%
H1_105	How much did you invest in at the beginning? (Yuan)	78.7%
H1_106	Of which, how much was borrowed? (Yuan)	84.2%
H1_107	Where did the borrowed money come from?	93.4%
H1_108	If got money from financial institution, were you personally introduced by cadres?	96.9%
H1_109	If you got private loan, the main lender was your	91.2%
H1_401C_1	Household: Gross income from agriculture: forestry	74.7%
H1_401C_2	Household: Total production cost: agriculture: forestry	74.7%
H1_401C_3	Household: Hired labor cost: agriculture: forestry	74.7%
H1_401E_1	Household: Gross income from agriculture: fishery	88.9%
H1_401E_2	Household: Total production cost: agriculture: fishery	88.9%
H1_401E_3	Household: Hired labor cost: agriculture: fishery	88.9%
H1_402_1	Household: Gross income from family non-agriculture operation	47.1%
H1_402_2	Household: Total production cost: family non-agriculture operation	47.1%
H1_402_3	Household: Hired labor cost: family non-agriculture operation	47.1%
H1_402A_1	Household: Gross income from non-agriculture: industry (including food grain processing)	88.6%
H1_402A_2	Household: Total production cost: non-agriculture: industry (including food grain processing)	88.6%
H1_402A_3	Household: Hired labor cost: non-agriculture: industry (including food grain processing)	88.6%
H1_402B_1	Household: Gross income from non-agriculture: construction	91.1%
H1_402B_2	Household: Total production cost: non-agriculture: construction	91.1%
H1_402B_3	Household: Hired labor cost: non-agriculture: construction	91.1%
H1_402C_1	Household: Gross income from non-agriculture: transportation, post	86.1%
H1_402C_2	Household: Total production cost: non-agriculture: transportation, post	86.1%
H1_402C_3	Household: Hired labor cost: non-agriculture: transportation, post	86.1%
H1_402D_1	Household: Gross income from non-agriculture: social services	89.8%
H1_402D_2	Household: Total production cost: non-agriculture: social services	89.8%
H1_402D_3	Household: Hired labor cost: non-agriculture: social services	89.8%
H1_402E_1	Household: Gross income from non-agriculture: commerce, catering	89.3%
H1_402E_2	Household: Total production cost: non-agriculture: commerce, catering	89.3%
H1_402E_3	Household: Hired labor cost: non-agriculture: commerce, catering	89.3%
H1_402F_1	Household: Gross income from non-agriculture: other	75.7%
H1_402F_2	Household: Total production cost: non-agriculture: other	75.7%
H1_402F_3	Household: Hired labor cost: non-agriculture: other	75.7%
H1_403	Income from collective welfare fund	88.4%

Table 1: Distribution of Variables by Percentage of Missing Values--Rural Household Income, Consumption, Employment, Social Network, Quality of Life, and Village Affairs Data

Variable Name and Label (Total Cases = 9200)		Percent of Cases with Missing Values
H1_404B	Other government income: Relief payment	99.2%
H1_404C	Other government income: Subsidies for the aged	90.2%
H1_405	Income brought back or remitted by household members who lived and worked outside of the household	94.1%
H1_406	Presenter income from relatives and friends	72.3%
H1_406A	Income from relatives/friends: Alimony	90.3%
H1_406B	Income from relatives/friends: Child support payment	90.9%
H1_406C	Income from relatives/friends: Present in wedding and mourning	89.2%
H1_407	Income from renting out or contracting out land	90.3%
H1_408	Income from renting out of other assets	90.2%
H1_409	Income from interest, dividends	94.5%
H1_801_WHEAT	Total household foodstuff leavings at the beginning of 2002 (kg) (Crop appears in variable name)	49.7%
H1_801_CORN	Total household foodstuff leavings at the beginning of 2002 (kg) (Crop appears in variable name)	48.8%
H1_801_TUBER	Total household foodstuff leavings at the beginning of 2002 (kg) (Crop appears in variable name)	69.4%
H1_801_OTHER	Total household foodstuff leavings at the beginning of 2002 (kg) (Crop appears in variable name)	64.0%
H1_802_TUBER	Total amount of yearly foodstuff gained (kg) (Crop appears in variable name)	51.8%
H1_802_OTHER	Total amount of yearly foodstuff gained (kg) (Crop appears in variable name)	44.1%
H1_802A_WHEAT	Gained: Self-produced (kg) (Crop appears in variable name)	53.2%
H1_802A_RICE	Gained: Self-produced (kg) (Crop appears in variable name)	49.0%
H1_802A_CORN	Gained: Self-produced (kg) (Crop appears in variable name)	41.4%
H1_802A_TUBER	Gained: Self-produced (kg) (Crop appears in variable name)	63.8%
H1_802A_OTHER	Gained: Self-produced (kg) (Crop appears in variable name)	55.6%
H1_802B_WHEAT	Gained: Purchased (kg) (Crop appears in variable name)	43.8%
H1_802B_RICE	Gained: Purchased (kg) (Crop appears in variable name)	48.5%
H1_802B_CORN	Gained: Purchased (kg) (Crop appears in variable name)	92.7%
H1_802B_TUBER	Gained: Purchased (kg) (Crop appears in variable name)	79.8%
H1_802B_OTHER	Gained: Purchased (kg) (Crop appears in variable name)	64.8%
H1_802C_WHEAT	Gained: Borrowed (kg) (Crop appears in variable name)	88.3%
H1_802C_RICE	Gained: Borrowed (kg) (Crop appears in variable name)	88.5%
H1_802C_CORN	Gained: Borrowed (kg) (Crop appears in variable name)	88.5%
H1_802C_TUBER	Gained: Borrowed (kg) (Crop appears in variable name)	88.7%
H1_802C_OTHER	Gained: Borrowed (kg) (Crop appears in variable name)	88.6%

Table 1: Distribution of Variables by Percentage of Missing Values--Rural Household Income, Consumption, Employment, Social Network, Quality of Life, and Village Affairs Data

Variable Name and Label (Total Cases = 9200)		Percent of Cases with Missing Values
H1_802D_WHEAT	Gained: Gift from relatives or friends (kg) (Crop appears in variable name)	88.9%
H1_802D_RICE	Gained: Gift from relatives or friends (kg) (Crop appears in variable name)	88.8%
H1_802D_CORN	Gained: Gift from relatives or friends (kg) (Crop appears in variable name)	88.9%
H1_802D_TUBER	Gained: Gift from relatives or friends (kg) (Crop appears in variable name)	88.9%
H1_802D_OTHER	Gained: Gift from relatives or friends (kg) (Crop appears in variable name)	88.9%
H1_802E_WHEAT	Gained: From collective distribution (kg) (Crop appears in variable name)	89.0%
H1_802E_CORN	Gained: From collective distribution (kg) (Crop appears in variable name)	88.9%
H1_802E_TUBER	Gained: From collective distribution (kg) (Crop appears in variable name)	88.9%
H1_802E_OTHER	Gained: From collective distribution (kg) (Crop appears in variable name)	88.9%
H1_802F_WHEAT	Gained: Relief grain (kg) (Crop appears in variable name)	89.1%
H1_802F_RICE	Gained: Relief grain (kg) (Crop appears in variable name)	88.9%
H1_802F_CORN	Gained: Relief grain (kg) (Crop appears in variable name)	88.9%
H1_802F_TUBER	Gained: Relief grain (kg) (Crop appears in variable name)	88.9%
H1_802F_OTHER	Gained: Relief grain (kg) (Crop appears in variable name)	88.8%
H1_802G_WHEAT	Gained: Other (kg) (Crop appears in variable name)	87.4%
H1_802G_RICE	Gained: Other (kg) (Crop appears in variable name)	85.1%

H1_607	**Expenditure: Durable goods in 2002**
Location:	571-575(width: 5; decimal: 0)
Variable Type:	numeric (ISO)
Question:	607.Durable goods in 2002

- Mean: 122.49
- Minimum: 0.00
- Maximum: 16320.00
- Standard Deviation: 582.51

Based upon 9200 valid cases out of 9200 total cases.

H1_608	**Total household expenditure on medical care in 2002**
Location:	576-580(width: 5; decimal: 0)
Variable Type:	numeric (ISO)
Question:	608.Total household expenditure on medical care in 2002

- Mean: 454.90
- Minimum: 0.00
- Maximum: 56408.00
- Standard Deviation: 1436.48

Based upon 9200 valid cases out of 9200 total cases.

H1_608A	Medical expenditure: Paid by self

Location: 581-585(width: 5; decimal: 0)

Variable Type: numeric (ISO)

Question: thereinto,608a.Paid by self

- Mean: 252.82
- Minimum: 0.00
- Maximum: 36090.00
- Standard Deviation: 946.09

Based upon 9200 valid cases out of 9200 total cases.

H1_608B	Medical expenditure: Paid by collective or government

Location: 586-590(width: 5; decimal: 0)

Data and Variable Label Problems
Part 7

The materials provided by the Principal Investigators were insufficient to conclusively determine the meaning of all of the variables and values in this study. This is a list of problems or potential problems identified by the ICPSR processor. Where it is relevant, the action taken by the processor (such as marking inappropriate values as missing) is also listed.

Variable Names in Datafile	Problems Identified
h1_401b_1	This variable contains a value of -1, which must be either a missing value code or a mistake. (It has been marked as missing.)
h1_318_1, h1_318_2, h1_318_3, h1_318_4	These variables are supposed to be years, but some values are not integers.
h1_318_1, h1_318_2, h1_318_3, h1_318_4	These variables represent the years of birth of parents of the heads of households, but a few values indicate that those parents were as young as three years old at the time of the interview, which is impossible.
h1_500	Negative values may legitimately represent a net loss, or they may be mistakes.
h1_617	The government may have actually compensated two interviewees for more than 365 lost "working days" in a single year, or these values may be mistakes.
h1_709d, h1_709f	The reported 100% interest rates are most likely either missing value codes or mistakes.
